School overview

Ashmore State School is an independent public school, centrally located on six hectares of attractive, landscaped grounds, with very well-resourced facilities, including media, computer and digital technology rooms. Providing quality educational programmes since 1978, our aim is to create a learning community where our students can perform as productive young citizens in their local and global communities. Our school provides a welcoming, friendly and caring environment, where students are encouraged to show the "Ashmore Way", with our fundamental values - Acceptance, Self-discipline, Honesty, Manners, Opportunities, Respect and Excellence. As our school mantra so aptly states, we are 'Proud to Shine' and thus we aspire to all children achieving their highest potential in their learning, social development and responsible behaviours and attitudes. Our vision is "Working together to ensure that every day in every classroom every student is learning and achieving". This is the moral purpose for all that we do at our school. We have a wonderful Performing Arts programme (including music, drama, dance and instrumental music); and specialist teachers and programmes for LOTE (Languages other than English), STEM (Science, Mathematics, Engineering and Technology), ICT (Information Communication Technology) and HPE (Health and Physical Education). We are extremely proud of "Link It" - our own highly-focused and differentiated literacy and numeracy programme, which is fundamental to the school's great achievements in these areas; and our extensive extra-curricular programmes, including "Fitter, Faster, Stronger" and Gardening, Ukulele and Digital Technology Clubs. We are also very proud of our excellent language-focused playgroup (Ashmore's "Shooting Stars"), and our highly successful and popular Pre-Prep programme, both led by a qualified early years teacher. We welcome international students, having an accredited, award-winning international student programme, with English support specialist staff; and we cater for international study and professional tours. There is a comprehensive vacation and out of school hours care programme on site. We actively involve our school community as partners in the learning process of our students, while our dedicated staff prioritise ongoing professional learning and are passionate about providing the best education possible for all students. We are "Proud to shine".

Ashmore State School is a suburb of the Gold Coast located in the QLD South East Region. We focus upon providing quality teaching and learning experiences for each individual student in our school community through Aspirational Learning, Personalised Learning, Connected Learning and Precision Teaching and Learning. Our aim is to create a learning community where our students can perform as productive young citizens in their local and world communities.

This report details a sample of achievements and results from Ashmore State School in 2017. As a school committed to excellence and continuous improvement, we welcome all data presented in the report as a catalyst for ongoing reflection, discussion and future planning. As our school mantra so aptly states we are 'Proud to Shine' and thus we aspire to all children achieving their highest potential in their learning, social development and responsible behaviours and attitudes.

Within this report is contained the accomplishments, challenges and future direction of our school in terms of Teaching and Learning and extra-curricular activities. Reference is also made to school attendance rates, audit results, student wellbeing and opinion survey results. The report also highlights our intentions for the future to ensure that every day in every classroom every student is learning and achieving. This phrase is our School Vision and also underpins our moral purpose for all that we do at our school.

School progress towards its goals in 2018

2018 once again proved to be another successful year for Ashmore State School where we celebrated continued improvement in our student academic outcomes, sporting achievements and Performing Arts accomplishments.

Our school goals focussed upon:

Precision Teaching & Personalised Student Learning: Our dedicated work to enhance literacy and numeracy outcomes for students in a personalised manner continued through the school's Link- It! whole school intervention program. Staff continued to build their professional knowledge of teaching through a range of professional development opportunities aligned to the school's explicit improvement agenda of Oral Language, Literacy, Numeracy and Science. Student Personalised Improvement Plans (PIPS) were further refined to ensure they specifically and authentically related to student learning needs whilst student digital portfolios continued to be developed as true representations of progress encouraging student responsibility for learning. Many targets set at a regional, state and national level were exceeded by Ashmore students in areas of Literacy, Numeracy, and Science and in student attendance.

Professional Learning & Transparency of Practice: We continued our Learning Lounges each week before school hours extending invitations to our cluster schools to join us. Staff was provided the opportunity to engage in small group professional development focussing on the teaching of Writing, Reading, Spelling, Data Analysis, Digital Technologies and the newly introduced and developing subject of STEM. The Ashmore State School Literacy Development Centre was renamed as the Ashmore Teaching and Learning Centre, extending its influence to provide support and professional development to not only cluster schools, but universities whose pre-service teachers' access experience at Ashmore State School.

The Curriculum Support Team (CST) continued their work representing the stages of learning i.e. Stage A (Prep – Yr.1), B (Yrs. 2&3) Stage C (Yrs. 4&5) and Stage D (Yr. 6) The CST teachers, together with Stage Managers and Year Level Coordinators, facilitated collaborative enquiry where staff shared their expertise, analysed data to inform practice, shared resources and engaged in professional dialogue based on world's best practice. In 2018 teachers and school leaders continued to observe each other's teaching and leadership practice and provided constructive feedback to each other thus enabling continuous building of professional capacity.

Building Community: A strong sense of community engagement continued to be demonstrated as evidenced by the 2018 School Opinion Surveys and parent/carer involvement in our many school activities. Parents continued to offer support in classrooms and parent representatives from each year level provided suggestions and assistance to the school's P&C. The School Council played a significant role in ensuring the good management of the school and in building productive enterprise partnerships. Grandparents and special friends were once again honoured at Grandparents Day. 'Snack & Chat' sessions continued on a weekly basis providing parents and carers with training in the areas of literacy, numeracy and computer technology. The sessions provided participants with deeper insight as to how they could assist their children's learning at home.

Our School Chaplain, Colin Batts, played a major role in our school, organising Breakfast Club and offering support to students, families and staff as requested. He continues to play a pivotal role in supporting our school community through the work he does in facilitating lunch time play clubs, being an integral member of our Wellbeing Team and being engaged in the many social aspects of our school in partnership with the P&C.

Our Ashmore State School Community Garden continued to see members of the wider community engaged in its maintenance and expansion and once again provided produce for the Stephanie Alexander Program and supplemented our Tuckshop menu.

Through our International Student Program, we welcomed visiting students from Japan, Korea and China and provided short and long term school placement to many international students from Asia and parts of Europe. In

May 2018, our school was awarded a grant from Education Queensland International to continue to develop the Ashmore Robotics Program.

Other significant achievements for 2018 were:

- Continued expansion of the Pre-Prep program.
- The installation of the new Year 4 building, replacing the two 1980's demountable 'temporary' buildings.
- The appointment of an additional Digital Technology specialist teacher to provide specialist lessons for our students and teachers.
- The continued expansion of ICT resources across the school.
- Our continued partnership with Education Queensland International and the many school study visits.
- The continued success in our school NAPLAN results as evidenced by data sets that exceeded regional, state and national targets.
- Enhanced opportunities for our Gifted and Talented students in the form of days of excellence and excursions to different school sites.
- Student led parent-teacher conferences supported by digital portfolios to evidence their learning and achievements
- Continuation of the before school "Fitter Faster Stronger" program which involves many of our Ashmore community members including teachers, students and parents exercising their way through the early hours of the morning.

Future outlook

The future for Ashmore State School is positive and encouraging in terms of student outcomes, staff expertise and community involvement. We are focussed on ensuring that our strategies to build a strong effective school are embedded in practice and culture. Key strategies are identified in our school's Explicit Improvement Agenda 2019 which focuses on ensuring that we continue to exceed school and regional targets in 2019 as follows:

Subject	Target
Writing	70% Students achieve A or B in writing.
Math	Prep: 20% Students achieve A or B in Math Year 1: 40% Students achieve A or B in Math Year 2 – 6: 65% Students achieve above stanine 6 in PAT - M
Reading	Prep: 40% Students achieving above PM 9. Year 1: 60% Students achieving above PM 17. Year 2 – 6: 65% Students achieve above Stanine 6 in PAT – R.

Independent public school	Yes
Year levels offered in 2018	Prep Year - Year 6

Student enrolments

Table 1: Student enrolments at this school

Enrolment category	2016	2017	2018
Total	829	892	894
Girls	399	431	434
Boys	430	461	460
Indigenous	31	34	30
Enrolment continuity (Feb. – Nov.)	94%	94%	95%

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2018, there were 40 students enrolled in a pre-Prep program.

Characteristics of the student body

Overview

The student body comes from a range of socio-economic and cultural backgrounds. A significant number of Ashmore State School students are children whose parents attended the school. Hence a key characteristic of the school is one of familiarity and historical support. However, the school enrolment increased significantly in 2017 and 2018 with many parents moving into the area by choice so that their children can attend Ashmore State School as per the enrolment management plan.

Ashmore State School is an international school with 5% of the students holding visas from a range of countries including: Iran, New Zealand, South Africa, North and South Korea, China, Malaysia, Italy, Scotland, Hong Kong, Philippines, Singapore and Venezuela with 4% of our community speaking English as a second language or dialect. 4% of our students identify as either Aboriginal or Torres Strait Islander and 10% of our students have diverse learning needs. We have students enrolled at our school from a range of religious affiliations and faiths including Christian, Orthodox Christian, Buddhist, Pentecostal, Islamic and other faiths.

The school also caters for transient families who move from interstate for employment and /or family reasons. Some of these families remain at the school for long periods whilst others are only able to remain for short stays. Our school welcomes international students whose parents may be studying at nearby universities or who have been offered permanent employment after meeting government requirements.

Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2016	2017	2018
Prep – Year 3	24	24	23
Year 4 – Year 6	25	27	25
Year 7 – Year 10			
Year 11 – Year 12			

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum delivery

Our approach to curriculum delivery

Students at Ashmore State School accessed learning through the Australian Curriculum.

Year level teachers planned collaboratively each term to ensure consistent adherence to the whole School Curriculum Plan and assessment processes. Additionally, student criteria adapted from the achievement standards of the Australian Curriculum was provided to each child and to parents to assist students to progress their learning. To support students further, every child had a personalised improvement plan (PIP) which was developed each term in consultation with their classroom teacher.

To ensure that students were assessed equitably against the criteria, our teachers collaboratively moderated results at the middle and end of each term.

Our Link It! whole school intervention program was conducted daily through skilled staff to enhance student literacy and numeracy outcomes.

Ashmore State School offered Academic Extension opportunities and Sports Extension programs in partnership with surrounding secondary schools, Griffith University and the Gold Coast Suns. Participation in the University of NSW International Competition and Assessment (ICAS), Literacy Planet, Mathletics and the Premier's Reading Challenge catered for the many and varied talents of students in our school. Additionally in Math, students participated in the on-line competition, Mathletics P-6, usually being ranked in the top ten schools in the world and on one occasion, listed as the top performing school in the world.

Our Gifted and Talented program provided opportunities for students to further enhance their talents in the Performing Arts, Science, Technology, Engineering and Math (STEM).

Pre Prep was expanded this year as a result of strong family interest. Two half day sessions are conducted each week. Whilst children learn with a qualified Early Childhood teacher, the parents participate in our "Snack & Chat" information sessions so they become familiar with many aspects of our school including the school's Literacy Planet. They also learn how to access our school website and QParents and class See Saw accounts. Our 'Shooting Stars' playgroup continues and operates each Monday morning. Demand for this service to the community continues to grow.

Our school enjoys a fine reputation for the Performing Arts program. Our Junior and Senior choirs performed at a high standard in the Gold Coast Eisteddfod as did students involved in the instrumental and strings programs. In Health & PE our before school Fitter, Faster, Stronger program included parents and students in activities designed to build physical and emotional health. The wider school sport curriculum offered:

- Athletics Carnival
- Cross Country
- Swimming lessons
- Swimming Carnival
- Inter-school sports
- Participation in district and regional teams

Our school also offered:

- EATSIPS– Embedding of Aboriginal and Torres Strait Islander perspectives in school
- Japanese classes for Prep, Year 1, 2, 3 & 4 with the plan to extending throughout the school by 2020.
- Single subject acceleration

Co-curricular activities

Co-curricular Activities

Students at Ashmore State School were provided with a vast range of extra-curricular activities which varied from term to term reflecting the needs of the students, the resources and availability of staff. These opportunities were intended to provide students with a broad range of experiences thus enriching their lives at school.

Such extra curricula activities included:

- Fitter Faster Stronger – before school fitness and nutrition program
- Premier's' Reading Challenge
- Media Club- lunchtime program
- Japanese Film Club – lunchtime program
- Science Club – before school program
- Community Garden – before & after school & weekend student and family activity
- Watercolour and Pastel Art. - after school
- Academic challenge competitions with neighbouring high schools.
- Runaway Bay Building Resilience Camp Yr. 4

- Runaway Bay Sports Excellence Centre Leadership Camp Yr. 5
- Lake Ainsworth – Yr. 6
- Breakfast Club
- Peacemakers - student led program to assist fair play, respect and kindness in the playground
- Prep incursions including Fire Education, Pirate Day, Indigenous Cultural Show, Santa Round the World

How information and communication technologies are used to assist learning

During 2017 and 2018 the school's ICT committee continued to oversee the efficient running of the whole school ICT infrastructure. The purchase of more resources extended to additional sets of iPads, replacement of classroom computers, new multi-function printers and installation of interactive screens for classrooms.

Social climate

Overview

At Ashmore State School we believe that students' welfare policies and procedures are integral to student achievement. Our aim is to foster a socially responsible environment where teachers have the right to teach and

students have the right to learn, free from disruptive behaviours. Our school values underpin our social climate. The values are:

- Acceptance
- Self-Discipline
- Honesty
- Manners
- Opportunity
- Respect
- Excellence

We have a zero tolerance of bullying and do not refrain from taking all necessary steps to address this problem. Our approach is underpinned by the school's Responsible Behaviour Plan and is built upon the principles of William Glaser's Choice Theory and restorative justice.

During 2018 our Wellbeing Committee, including the School Guidance Officer, continued to provide strategies to staff which could be implemented in whole class or small group sessions regarding the manner in which students can deal with bullying should they be a victim. Additionally strategies were provided to students regarding the building of resilience. Our School Chaplain conducted small group sessions for students aimed at building social skills and she was proactive in helping students develop strategies of resilience and collaboration.

Playground management plans included lunch time 'Pathways Club' facilitated by the School Guidance Officer and Special Education teachers. A planning room, monitored by teachers, operated at lunch time on a daily basis to support students who required assistance in self-regulation. Students could self-refer to resolve conflicts with others.

Parents were informed by letter when their child attended the planning room.

The Proud to Shine mantra continued to be part of our school culture demonstrating pride and belonging in our school by students, staff and parents alike and the Ashmore Learners continued to be used as a model to encourage students to be independent and confident learners.

Trained Yr.6 student Peacemakers helped mediate in the playground. Student Voice continued its role as a forum for expression of student opinions and ideas. Learning Buddies continued enabling Yr.6 students to assist Prep -2 children in reading. We also participated in community programs that supported our students and families when necessary.

They included:

- Kids Hope Program
- Ashmore PCYC Youth Support
- ACCORAS – resiliency building program
- Brainstorm Productions – building positive relations/ dealing with bullying
- CYMHS- Child Youth Mental Health Service
- Continuation of Smiling Minds

Parent, student and staff satisfaction

Tables 3–5 show selected items from the Parent/Caregiver, Student and Staff School Opinion Surveys.

Table 3: Parent opinion survey

Percentage of parents/caregivers who agree# that:	2016	2017	2018
• their child is getting a good education at school (S2016)	98%	89%	96%
• this is a good school (S2035)	98%	86%	96%

* Nationally agreed student and parent/caregiver items.

'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

Parent and community engagement

All parents were invited to be involved in their child's education through formal and informal student/teacher/parent meetings to review student progress. An annual parent consultation forum was conducted in August this year. Information gathered at that forum was used to inform the school's 2019 planning processes. Additionally parents had the opportunity to meet with teachers and/or administration more frequently if they wished. Student communication books provided another avenue for parents to liaise with the classroom teacher on a daily and weekly basis. SeeSaw gave parents another dimension to be involved with the education of their child through the digital world. Seesaw is a platform for student engagement that inspires students of all ages to do their best. Students use creative tools to take pictures, draw, record videos and more to capture learning in a portfolio. Parents of students with diverse needs were invited to regularly meet with the Special Needs teachers, Gifted and Talented coordinators and classroom teachers to ensure there was a collaborative school/ parent approach in the delivery of teaching and learning programs. Additionally parents were strongly encouraged to participate in the design and implementation

of Individual Curriculum Plans (ICP's) for students who were identified as working below and above expected learning outcomes.

Please note that every student at Ashmore State School has a personalized improvement plan which is developed by each student in consultation with the classroom teacher, shared with the student's parents for feedback and input and signed by parents and carers' at the end of each term.

Parents and carers were invited to attend Grandparents Day during Education Week visiting classrooms and participating in lessons with their children. Many parents and grandparents also helped in the classrooms on a daily or weekly basis providing additional assistance to children in a range of activities.

Our Parent Liaison Officers kept parents informed of activities occurring in the school and also contacted parents and carers of children who were recipients of particular fortnightly assembly awards, inviting the parent/carer to attend the assembly.

Parent Education 'Snack and Chat' sessions, mentioned earlier in this report, and provided learning opportunities for parents and carers to enable them to assist their children in education particularly in the areas of literacy, numeracy and computer technology.

Ashmore State School continued to benefit from the hard work and dedication of the P&C Committee whose contribution to the school resulted in:

- \$2000 Chaplaincy Donation
- \$28,000 payment to Air Conditioning
- \$3000 in support for Kitchen Garden Program
- Obtained \$5000 GCCC Grant
- \$15 000 for additional undercover areas
- \$1000 prizes for various school competitions
- \$3000 additional storage
- \$2000 ice machine for sick bay
- \$3000 Sports Room upgrade
- Facilitated:
 - 40th Anniversary Fete (\$200 provided for each year level)
 - Book Fair entertainment
 - Grandparents Day catering
 - NAPLAN Student Breakfast catering
 - World Teachers Day activities
- Hosting Parent Information Evening
- Hosting the Performing Arts 'Winter Wonderland'

Respectful relationships education programs

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships. Students are regularly reminded of the Ashmore Values through classroom and playground displays and engage in conversations regarding the meaning of the values within the school environment. At appropriate times, students engage in the practice of Restorative Justice to assist them in resolving issues that may arise between and amongst peers and their teachers. The Guidance Officer, in consultation with the Wellbeing Team organises external programs that are age appropriate and address the areas of building resilience and issues related to bullying.

The positive approach of employing an open door approach for parents and carers serves us well in terms of open and respectful communication however we do not hesitate to invoke the policies of the Department of Education (DoE) related to inappropriate behaviour of the community of school grounds. Additionally the school's P&C has developed a Code of Conduct and a Guide to Positive Feedback for Parents, endorsed by the QLD P&C Association

that is embedded in our school's behaviour management policy. The link provided by DoE regarding respect for teachers and school leaders is published on our Parent Facebook, the P&C Facebook and on our school's website.

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2016	2017	2018
Short suspensions – 1 to 10 days	6	8	13
Long suspensions – 11 to 20 days	0	2	0
Exclusions	1	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

- Water tanks are installed with timed water system being generated from the tanks to hydrate the grass and plants. We are continually checking for water leaks and repairing when necessary.
- Installation and ongoing maintenance of community gardens to grow produce for the Stephanie Alexander Garden program providing fresh produce for the Tuckshop and the students' cooking classes.
- Installation of Astro Turf to Prep Playground and other areas of the school has reduced water consumption and maintenance costs reducing this school's environmental footprint.
- The P&C continues to fundraise to purchase solar panels to off-set the school's electricity consumption.

Table 7: Environmental footprint indicators for this school

Utility category	2015–2016	2016–2017	2017–2018
Electricity (kWh)	173,953	191,200	208,868
Water (kL)	3,068	1,661	2,082

Note:

Consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

*Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

Professional development

Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2018 were \$34 128.75.

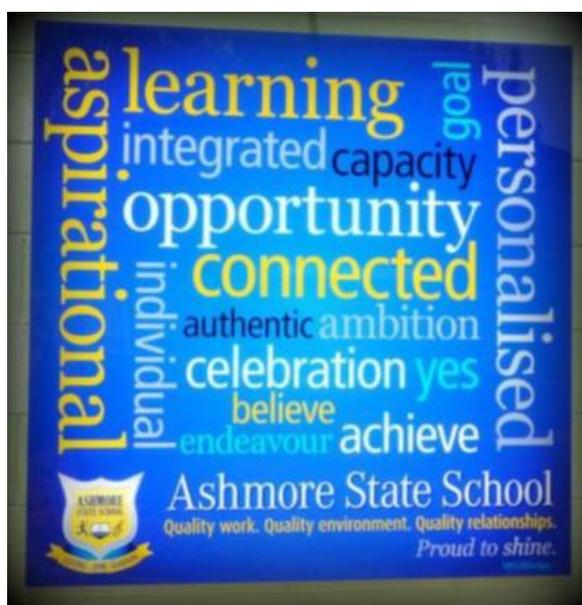

The major professional development initiatives are as follows:

School based:

- Student Personal Improvement Plan (PIP) development
- Digital Portfolio development
- Quadrant Data meetings for analysis, interpretation and application of data
- Curriculum Support Team release
- Watching Others Work (WOW) – in school observation and feedback amongst staff to build expertise.
- Professional Learning Communities with emphasis on professional reading
- Weekly Learning Lounges
- The Stress Proof Classroom
- Teachers Wellbeing Tool Kit
- Mindfulness
- Essential Skills in Classroom Management.

External:

- Jolly Phonics
- Early Years Age Appropriate Pedagogies
- Abercedarian Training
- Data Workshops
- Light the Way Wellbeing Conference
- Positive Practices for Wellbeing
- Prep Pedagogies and Practice PD Teachers & TA's
- First aid Training
- Conferences:
 - BSM Conference
 - Schools Officer Conference
- Deputy Principals' Core Business Days
- Guidance Officer Regional PD Day
- SERSEN HOSES Regional Day
- Cleaners Training
- Financial Management Training
- School's Officers Network Professional Day
- Digital Technologies
- IMPACT Training
- Critical Agendas

The proportion of the teaching staff involved in professional development activities during 2018 was 100%.

Staff attendance and retention

Staff attendance

Table 10: Average staff attendance for this school as percentages

Description	2016	2017	2018
Staff attendance for permanent and temporary staff and school leaders.	97%	97%	96%

Proportion of staff retained from the previous school year

From the end of the previous school year, 95% of staff were retained by the school for the entire 2018

Performance of our students

Key student outcomes

Student attendance

The overall student attendance rate in 2018 for all Queensland State Primary schools was 92%.

Tables 11–12 show attendance rates at this school as percentages.

Table 11: Overall student attendance at this school

Description	2016	2017	2018
Overall attendance rate* for students at this school	93%	93%	93%
Attendance rate for Indigenous** students at this school	93%	89%	86%

* Student attendance rate = the total of full-days and part-days that students attended divided by the total of all possible days for students to attend (expressed as a percentage).

** *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

Table 12: Average student attendance rates for each year level at this school

Year level	2016	2017	2018
Prep	94%	93%	94%
Year 1	92%	93%	93%
Year 2	92%	93%	94%
Year 3	93%	93%	93%
Year 4	91%	93%	94%
Year 5	94%	92%	92%
Year 6	92%	94%	92%

Notes:

1. Attendance rates effectively count attendance for every student for every day of attendance in Semester 1.
2. Student attendance rate = the total of full-days and part-days that students attended divided by the total of all possible days for students to attend (expressed as a percentage).
3. DW = Data withheld to ensure confidentiality.

Student attendance distribution

Description of how this school manages non-attendance

Queensland state schools manage non-attendance in line with the Queensland Department of Education procedures: [Managing Student Absences and Enforcing Enrolment and Attendance at State Schools](#); and [Roll Marking in State Schools](#), which outline processes for managing and recording student attendance and absenteeism.

Our school closely monitors student attendance. Roll marking occurs in accordance with DoE policies. Once the roll is marked parents of students who are recorded as absent are contacted through SMS4Schools. It is recorded on One School. Parents are requested to contact the school office as soon as they are aware that their child will be absent. The absence is then recorded and the classroom teacher informed. In cases where a child has a number of unexplained absences parents are contacted by telephone to ascertain the reason for the absences. We invite the parents/carers to personally discuss the matter with the School Principal or Deputy Principals. In cases where students repeatedly do not attend school without reasonable excuse the school implements DoE policies.

Key strategies to increase attendance:

- Families strongly encouraged to plan family holidays outside the school term
- Emphasis is placed on reminding parents and students to arrive at school on time and do not leave before the end of the school day unless there are extenuating circumstances. This occurs at the time a student arrives late, on the school electronic sign, in newsletters and at assemblies.
- Upon enrolment, at Parent Education Days (Snack & Chat) and special events, parents are provided with an information flyer developed by the school entitled, 'its Not O.K to be Away'. Students are regularly reminded of this mantra and the contents contained within the flyer.
- The School Guidance Officer and Deputy Principals provides information to the school community about the negative effects on children's education caused by repeated absences. This information is provided through the school newsletter.

NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 NAPLAN tests are available via the [My School](#) website.

How to access our NAPLAN results

1. Click on the *My School* link <http://www.myschool.edu.au/>.
2. Enter the school name or suburb of the school you wish to search.

Find a school	Search website	
<input type="text" value="Search by school name or suburb"/>	Go	
School sector ▼	School type ▼	State ▼

3. Click on 'View School Profile' of the appropriate school to access the school's profile.

View School Profile

4. Click on 'NAPLAN' to access the school NAPLAN information.
