Dear Parents/Carers,

Earlier this year your child was identified through a series of tests that they are eligible to join our Ashmore Accelerated Learning Program. This program allows your child to partake in a range of extra-curriculum activities and competitions.

A range of groups were on offer and your child has chosen to participate in Fundraising Project Group in Term 3.

This group will run every Thursday during big lunch. Students will be required to bring their lunch along to the group. Students in this group will be responsible for organising fundraising events. More information will be provided as the children make decisions about which charity they choose to fundraise for and how they will organise the event.

Kind regards,

Tess Radford
(Year 1A teacher)

Margaret James
Principal

I have read all of the information above about the fundraising club. I understand my commitments to this group and I agree to attend the scheduled times for this project group and the competition. I understand that failure to attend this project group will result in my exclusion.
