Dear Parents/Carers,

Earlier this year your child was identified through a series of tests that they are edible to join our Ashmore Accelerated Learning Program. This program allows your child to partake in a range of extra-curriculum activities and competitions.

A range of groups were on offer and your child has chosen to participate in the Multimedia group in Term 3.

Multimedia is content that uses a combination of different content forms. Multimedia includes a combination of text, audio, still images, animation, video, or interactivity content forms. Students will use a variety of recording devices in an environment supportive of filming and sound production resources such as;

- Ashmore State School’s “Green Room”
- Mac computers
- iPads and cameras
- Students will learn how to record, transfer and design a multimedia presentation using programs such as iMovie

Students will need to attend every Monday lunch break during Term 3 in the Resource Centre for formal lessons but will have the opportunity to attend during lunchtimes to work independently on their multimedia presentations. Please discuss this commitment with your child, before signing the slip below.

Regards,

Leigh Hering
Margaret James
Project Group Coordinator Principal

---

I have read all of the information above about the Multimedia group. I understand my commitments to this group and I agree to attend the scheduled times for this project group. I understand that failure to attend Monday sessions will result in my exclusion.
