## From the Principal

### School overview

Ashmore State School is an independent public school, centrally located on six hectares of attractive, landscaped grounds, with very well-resourced facilities, including media, computer and digital technology rooms. Providing quality educational programmes since 1978, our aim is to create a learning community where our students can perform as productive young citizens in their local and global communities. Our school provides a welcoming, friendly and caring environment, where students are encouraged to show the "Ashmore Way", with our fundamental values - Acceptance, Self-discipline, Honesty, Manners, Opportunities, Respect and Excellence. As our school mantra so aptly states, we are 'Proud to Shine' and thus we aspire to all children achieving their highest potential in their learning, social development and responsible behaviours and attitudes. Our vision is "Working together to ensure that every day in every classroom every student is learning and achieving". This is the moral purpose for all that we do at our school. We have a wonderful Performing Arts programme (including music, drama, dance and instrumental music); and specialist teachers and programmes for LOTE (Languages other than English), STEM (Science, Mathematics, Engineering and Technology), ICT (Information Communication Technology) and HPE (Health and Physical Education). We are extremely proud of "Link It" - our own highly-focused and differentiated literacy and numeracy programme, which is fundamental to the school's great achievements in these areas; "KidsMatter" - a well-being framework and our extensive extra-curricular programmes, including "Fitter, Faster, Stronger" and Gardening, Ukulele and Digital Technology Clubs. We are also very proud of our excellent language-focused playgroup (Ashmore's "Shooting Stars"), and our highly successful and popular Pre-Prep programme, both led by a qualified early years teacher. We welcome international students, having an accredited, award-winning international student programme, with English support specialist staff; and we cater for international study and professional tours. There is a comprehensive vacation and out of school hours care programme on site. We actively involve our school community as partners in the learning process of our students, while our dedicated staff prioritise ongoing professional learning and are passionate about providing the best education possible for all students. We are "Proud to shine".

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

## Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

### Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

### How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

## Social climate

### Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

## Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

## Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

## School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

## Environmental footprint

### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	191,200	208,868	231,642
Water (kL)	1,661	2,082	2,251

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.
